Explains the grounds on which Govt sanction was anticipated in maki the announcement referred to, and solici general sanction to the holding of Distri and Provincial Co-operative Conferences

15 The announcement in anticipation of sanction is justified by the Registrar o the following grounds:—

(i) to give time to ~~his office and~~ the Societies to get thro' the preliminary work of the Conference conveniently and properly.

(ii) to enable his office to carry on the large mass of correspondence relating to the conference leisurely, instead of its being hurried on account of the pressure of other urgent work in the

Dasara season.

(iii) Want of time in some cases to obtain Govt sanction, as when the Societies are worked up to the necessary degree of holding a conference and they ask for an early announcement.

16 The Registrar further explains that before making the announcement of holding the Conference he had submitted the matter to the Dewan at a personal conversation.

17 Lastly he solicits general sanction to hold the District and Provincial Conferences in view of their immense value both in regard to the increase in the no: of Societies and in the improvement of their working.

Meerisho seems to accord a general sanction but it is desirable to accord such. 23. The Registrar has asked for general sanction both in respect of Provincial and District Conferences. It is only the former that are being sanctioned by Govt. The latter are being conducted on his own authority, and only the reports of their proceedings are sent up. It is not clear if the order communicated to the Regr in this Office letter of 2.9.13 and the order now proposed, apply to District Conferences also. The Draft put up covers both classes of Conferences.

Hud attention is invited to paras 12 & 13.

28 The Registrar wants general sanction to holding Provincial & District Conferences. In the case of such conference as are organized by the Societies themselves in the Districts, no sanction is applied for; nor does the draft appended in para 13 require it.

29 The Provincial Conference held at Mysore is altogether of a different character. The delegates big of certain concessions the grant of which will vary with local conditions and certainly calls for the co-operation of more than one Dept including the Palace.

30 Hence, there does not appear to be any sufficient ground for reconsidering the view already taken by the Diwan.

31. The draft reply may, if deemed suitable, be approved.

OFFICE OF THE
REGISTRAR OF CO-OPERATIVE SOCIETIES
IN MYSORE.

Dated Bangalore, 10th September 1913.

From

M.A. Narayan Ayangar, Esq., B.A. B.L.,
Registrar of Co-operative Societies in Mysore,
B a n g a l o r e.

To

K.R. Srinivasa Iyengar, Esq., M.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, General & Revenue D
B a n g a l o r e.

Sir,

I have the honor to acknowledge the receipt of your letter No.Fl.1357/B.13-13-1 dated the 2nd September 1913 directing, with reference to my Circular No. 203/C.S.105 dated the 11th August 1913, that in the absence of a general order permitting the holding of Conferences of Co-operative Societies, the formal sanction of Government should be obtained before announcing to the public the holding of such Conferences. I would like to explain that the sanction of Government is invariably obtained before a Conference is actually held. Sometimes, however, as is the case this year, the fact that a Conference is going to be held is announced in anticipation of sanction; and this is done in order

that the large amount of preliminary work both here an in the Societies which take part in the Conference may be conveniently and properly attended to. It is unnecessary to go here in detail into the nature and - extent of the work involved, but I may mention that - ample notice of the holding of a Conference should be given in order that the preparation of papers to be - read, the election at General Meetings of the Delegate of the Societies, the choice of the subjects to be dis cussed, and the arrangement of various other details which are necessary for the success of the Conference may be finished in time.

2. A second reason why a Conference may have to be announced in anticipation of sanction is to be found in the somewhat peculiar character of our Conferences. They are not, on the one hand, purely departmental - events in which case the sanction of Government could invariably be obtained in time. Nor, on the other hand, are they events got up by the general public in which case the sanction of the Government would probab be unnecessary. Under present conditions the Registr has, in various ways, to find out the general feeling among Co-operators with regard to holding Conferences and it is only where the feeling is decidedly enthusiastically in favour of holding the Conference that intimation is given to the public. In such cases, - where the Societies are worked up to the necessary degree of enthusiasm for holding the Conference, they will ask for a very early announcement so that there is no time to obtain Government sanction.

3. Further I should mention that the Dasara season during which the Provincial Conference is held is the busiest

busiest season for this office. The preparation of the various statistics required for the Conference of Registrars at Simla, the preparation of the reports required for the use of the Dewan's Address to the Representative Assembly members, and of the departmental reports to Government, and the disposal of the Proceedings of the Annual Meetings and the approval of their accounts--these fully tax the capacity of the office. It is necessary therefore that no extra strain should be laid upon the office for purposes of getting through, in a hurry, the large mass of correspondence relating to the Conference.

4. It was for these reasons that my Circular announci the holding of the Third Provincial Conference was publis ed in the Gazette before the sanction of Government was obtained to its publication. Subsequently, however, I applied in my letter No.327/C.S. dated the 26th August 1913 to the Government for formal sanction upon which I have not yet received orders. I may perhaps mention that I had submitted the matter at a personal conversatio to the Dewan, and had obtained his approval before publis ing my Circular. If, however, Government are of opinion that a Conference as now arranged is unnecessary or untimely, I beg that the Government may be pleased to conve an expression of their opinion at an early date so that I may cancel all the arrangements which I have already made.

5. I also beg to move the Government, in this connection, to give a general sanction to the holding of Provincial and District Conferences of Co-operative Societies. It is superfluous to say anything as to the immense value of such Conferences. They bring together

all persons interested in the subject of Co-operation, when they compare notes, exchange ideas, clear doubts and learn to appreciate its benefits better than before. They give the Department the best opportunities of explaining the valuable principles of Co-operation and enlisting public sympathy and support for the movement. The number of Societies in the State has increased by 300 per cent within the last two years, a good deal because of the activities of the various Conferences, and, what is of more importance, the working of every Society has improved because of the increased knowledge brought to bear upon its management. Such Conferences form, indeed, in my opinion, a part of the routine duties of the Co-operative Department under present conditions. I therefore trust that the Government will agree with me in my opinion and give me the general permission which I have sought.

I have the honor to be,

Sir,

Your most obedient servant,

M. A. Macnamara.
